

# Savings for your business, vital funding for our mission

So far, local business owners like you contributed over \$205,000.00 through GratisGives™ to our community.

## How it works

- 1 Team-up** with GratisGives, a local payment processor offering competitive payment processing rates.
- 2 Save** your business money on processing fees you already pay, and realize savings of potentially \$1,000s per month!
- 3 Choose** to donate a small portion of your savings to a select list of charities in our community.

*You save money, and your community feels the collective support of the businesses that care enough to give a little.*

## The WIN-WIN

### THE SAVING

Joy is a local dentist. She sees and treats patients every day. Her patients pay her for her services by credit card. Joy would like lower credit card fees; GratisGives helps lower credit card fees.

### THE GIVING

With Joy now saving an extra **\$500 per month** in credit card fees, she decides to give a little. Through GratisGives she can give a small amount of her SAVINGS to Empower Youth.

## Next step: call us

GratisGives helps fund local nonprofits while reducing merchant fees you already pay. Two good deeds that turn great together. Contact us.

empower<sup>™</sup>youth<sup>™</sup>

Empower Youth is pleased to announce its selection as a funding recipient of GratisGives. GratisGives is a community-focused program that helps local businesses reduce credit card expenses they already pay, and pass some of the savings along to a local non-profit they love. GratisGives helps us fulfill our mission within the local community; consider being a part of effortless giving. Join the Win-Win!
